hydrobiologia volume 254 (1993), contents

no. 1

T. R. Rao: Population growth rate of the parasitic rotifer *Proales gigantea*, and susceptibility to parasitization in the snail *Lymnaea acuminata* at different stages of embryonic development 1

K. F. Roche, E. V. Sampaio, D. Teixeira, T. Matsumura-Tundisi, J. G. Tundisi & H. J. Dumont: Impact of *Holoshestes heterodon* Eigenmann (Pisces: Characidae) on the plankton community of a subtropical reservoir: the importance of predation by *Chaoborus* larvae 7

P. Bossard & U. Uehlinger: The effect of herbivorous crustacean zooplankton on epilimnetic carbon and phosphorus cycling 21

T. Kobayashi: Resource partitioning of *Calamoecia lucasi* Brady and *Boeckella triarticulata* (Thomson) (Copepoda:Calanoida) in an Australian reservoir 35

S. Miyashita & T. Miyazaki: Effects of nutrient addition on phytoplankton in Lake Nakanuma, Japan. I. Changes in biochemical components 43

J. L. Pérez-Lloréns & F. X. Niell: Temperature and emergence effects on the net photosynthesis of two *Zostera noltii* Hornem. morphotypes 53

no. 2

G. J. Scrimgeour, J. M. Culp & N. E. Glozier: An improved technique for sampling lotic invertebrates 65

K. E. Havens: Responses to experimental fish manipulations in a shallow, hypereutrophic lake: the relative importance of benthic nutrient recycling and trophic cascade 73

A. B. Ali: Aspects of the fecundity of the feral catfish, *Clarias macrocephalus* (Gunther), population obtained from the rice fields used for rice-fish farming, in Malaysia 81

W. Pilgrim & M. D. B. Burt: Effect of acute pH depression on the survival of the freshwater amphipod *Hyalella azteca* at variable temperatures: field and laboratory studies 91

H. Gee & J. O. Young: The food niches of the invasive *Dugesia tigrina* (Girard) and indigenous *Polycelis tenuis* Ijima and *P. nigra* (Müller) (Turbellaria; Tricladida) in a Welsh lake 99

T. D. Evstigneeva: Procopulatory mate guarding in *Harpacticella inopinata* Sars (Copepoda: Harpacticoida) from Lake Baikal 107

H. I. Griffiths, D. S. Martin, A. J. Shine & J. G. Evans: The ostracod fauna (*Crustacea, Ostracoda*) of the profundal benthos of Loch Ness 111

D. L. Parrish & F. J. Margraf: Growth responses of age 0 white perch and yellow perch from field-enclosure experiments 119

K. L. Thong, A. Sasekumar & N. Marshall: Nitrogen concentrations in a mangrove creek with a large tidal range, Peninsular Malaysia 125

no. 3

M. Trémolières, I. Eglin, U. Roeck & R. Carbiener: The exchange process between river and groundwater on the Central Alsace floodplain (Eastern France). I. The case of the canalised river Rhine 133

H. Itoh & S. Nishida: A new species of *Hemicyclops* (Copepoda, Poecilostomatoida) from a dredged area in Tokyo Bay, Japan 149

R. Lignell: Effect of vertical cycling on photosynthesis during the annual algal succession in the northern Baltic 159

P. R. Hawkins & D. J. Griffiths: Artificial destratification of a small tropical reservoir: effects upon the phytoplankton 169

S. George, K. Martens & C. K. G. Nayar: Two new species of freshwater Ostracoda of the genus *Parastenocypris* Hartmann, 1964 from Kerala, India 183
